

What size ilmia shoe do I need?

1. Print out this pdf, keeping it in its full size.
2. Using a credit card (A) or the ruler provided (B) check that your print out is the right size.
3. Next, take off your shoe and stand directly on the template (C). Placing a book on the heel line (D) might help.
4. Read off the required ilmia shoe size as indicated by the tip of your big toe. Choosing a half-size higher is recommended, e.g. 9 instead of 8.5.
5. Enter the size and model in [ilmia.com](http://ilmia.com) and send off your order.

**PRINT AT 100% SCALE**
